

HONESTGAME®

All of our Shelter Island student-athletes and their families have access to an [HONEST GAME](#) account.

Honest Game empowers student-athletes and their families with the expertise and confidence needed to navigate NCAA and NAIA academic eligibility. Regardless of a student's post-secondary pathway, the Honest Game platform provides students with real-time status updates and harnesses a student-athlete's passion for sports to fuel their motivation for learning.

Starting freshman year, each student will receive an online individualized [College Athletic Report on Eligibility \(CARE®\)](#), which transforms the student-athlete's transcript into a personal plan, including strategic individualized guidance and short-term goals to achieve and maintain academic eligibility.
